1. If you could create the perfect school and learning environment for your child, what would it look like? Please describe.

2. Where are a few interesting places that your child would like to visit on an educational field trip that you have not visited on your own?

- Examples: Savannah (Georgia Studies field trip), Washington, D.C. (Government Studies field trip), Civil Rights Museum (ELA and Social Studies field trip)

3. Are you willing to participate in fundraising activities to raise funds for field trips of this nature, or would you prefer to pay out of pocket without the hassle of fundraising?

4. For TORCH to be successful, we need parents and community support. What are some ways you see parents and community partners being involved and active in TORCH?

5. How important are technology skills to you and your student? Please explain.

6. Please list in order of importance the things you hope to see us focus on in TORCH.

Examples: Coding, STEM activities, Community Outreach, etc.
